

## Zine / publication catalogue 2017

---

This is my zine production for 2017.

I have continued to work with the tumblr I started last year (Visual Notes), where I post one drawing a day. Some of the drawings from this process then go in to my publications. In May this year I participated with a table in the zine- and independent publishing fair "Salon de L'Auto-Édition Anti- Aufklärung" in Paris. For this I produced 3 zines (Dolphin Dog, Notes from:Berlin and It's a drawing I think) to use for trades for the HDK Zine Archive.

During the fall I also made publications from workshops. One was a collaborative drawing workshop where I scanned the drawings and put into a documentation (Collaborative Drawing) and the other was from a mapping / drawing workshop on placemaking (Places that \_\_\_\_.)

The production and trading this year has resulted in apx. 40 new publications for the HDK Zine Archive.

### **1. Dolphin Dog**

5 zines making a 5 chapter open narrative.  
5 x 12 pages, B/W laser print on coloured paper.  
A5 Edition: 25
