

# Childhood Obesity and Metabolic Syndrom in Preschool Children

Early markers and identification of individuals at risk in a longitudinal perspective

Emma Kjellberg

**SAHLGRENKA ACADEMY  
INSTITUTE OF CLINICAL SCIENCES**

**Emma Kjellberg** received her M.D. from the University of Copenhagen, Denmark, in 2007. She has worked as a resident pediatrician in the pediatric department of Hvidovre Hospital in the capital region of Denmark and in the neonatal ward at Skåne University Hospital in Malmö, Sweden. Her PhD research was carried out 2014–2019 in the pediatric department at Halland Hospital Halmstad, Sweden, and the University of Gothenburg, Sweden. Now she will complete her residency in the pediatric department at Skåne University Hospital in Malmö.
