

# Patient Assessment and Triage in Emergency Medical Services

The Swedish EMS nurse in a new role

Carl Magnusson

**SAHLGRENKA ACADEMY  
INSTITUTE OF MEDICINE**

**Carl Magnusson** is a registered nurse with a specialist nursing degree in prehospital emergency care. He works in Gothenburg at the Department of Prehospital Emergency Care, Sahlgrenska University Hospital. For the past five years he has divided his time between research and clinical work. Research areas of interest are patient assessment, clinical decision making and the development of new pathways for the provision of person centered care to the elderly.
